DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/28/2006 has been entered.

2. This application is in condition for allowance except for the following formal matters:

Claim 1 is objected to, in that in paragraph "e", "a second branch" lacks proper antecedent basis, as a first branch has not been positively recited. It should be made clear that there is a first and second branch, one associated with sea water inlet, and the other with the bilge(s). Likewise, the outlet manifold has a second branch, but a first has not been clearly recited. Also, the first line of paragraph "g" is somewhat ungrammatical in form. Correction is required in response to this action.

Formal drawings are now required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
